# Friday Quiz

## Language Arts

Read the paragraph and answer the questions.

Have you ever heard of a walking school bus? Students in some parts of the United States travel by such buses every day. The “driver” of these buses is often a parent who leads a group to and from school—on foot. If the group is large, there is usually another adult who acts as the “conductor” and walks at the rear of the group to make sure that everyone stays together. Students are picked up and dropped off at their homes. Walking buses help students get fresh air, and they also help reduce pollution and traffic congestion.

Fill in the correct circle to show whether each statement is a fact or an inference.

**Fact   Inference**

- |                       |                       |  |
|-----------------------|-----------------------|--|
| <input type="radio"/> | <input type="radio"/> | Walking school buses provide good exercise.    |
| <input type="radio"/> | <input type="radio"/> | Two adults usually accompany a large group.    |
| <input type="radio"/> | <input type="radio"/> | Slow walkers could cause problems for a group. |
| <input type="radio"/> | <input type="radio"/> | Walking buses aren't much fun in bad weather.  |

Write **yes** or **no** under each heading on the chart to show if the word describes a walking school bus.
