Did you watch the videos? ☐ Of course! I'm smart like that. 😊 ☐ Nope! 😞

Friday Quiz

Fluency (1 point each)

Weight/Misc.	
1 lb=	oz
2 lb=	oz
lbs=160oz	
lbs=1Ton	
lbs=2Tons	
=1 dozen	
=2 dozen	
--Metric--	
g=1kg	
g=2kg	
5000g=	kg
3000g=	kg

ELA

Read and choose the best answer. Draw a conclusion.

NASCAR is the National Association for Stock Car Racing. In recent years, this organization has made some changes in its rules. For example, steel and foam cushioning has been placed around NASCAR tracks to better absorb impact from hurtling cars. Race car drivers must now wear special head restraints that limit their neck movement during sudden stops. Air filters have been added to race cars to keep carbon monoxide out of the cockpit. The tires also have straps now to keep the wheels from flying off during crashes.

1 Fill in the correct circle to show whether each statement is a fact or an inference.

Fact Inference

- ☐ ☐ NASCAR's new rules were made to improve safety.
- ☐ ☐ Drivers now wear head restraints.
- ☐ ☐ Race car drivers are sometimes hurt in accidents.
- ☐ ☐ Race cars give off carbon monoxide.

2 Write **yes** or **no** under each heading on the chart to show if the word describes stock car racing.

Unregulated	Safety Conscious	Dangerous

Did you watch the videos? ☐ Of course! I'm smart like that. 😊 ☐ Nope! 😞
